JOURNAL OF THE JAPAN WELDING SOCIETY
Vol.75 No.8 December 2006

Essay
My 40 Years as Professor .................................................. ONZAWA Tadao 3

Engineering Data Sheet .......................................................... FURUKAWA Kazutoshi 5

Technical Information — Special Issue —
A Preface ............................................................................ FUKUMOTO Masahiro 6
New Trend in Particle Deposition, PD Process and Its Future .................. FUKUMOTO Masahiro 7
New Development of Plasma Spraying Technology ................................ WADA Tetsuyoshi 12
New Trends in High Velocity Oxy-Fuel Spraying ........................................ KURODA Seiji 17
Overview of Cold Spray Technology and Trend of Its Research and Development .......... SAKAKI Kazuhiko 22
Room Temperature Impact Consolidation of Ceramic Particles on Aerosol .................. AKEDO Jun 29

Serial Lecture Paper (2)

Development of Outer Surface Irradiated Laser Stress Improvement Process ................. OHTA Takahiro
ISHIDE Takashi
KAMO Kazuhiko
ONTITSUKA Hironori
ASADA Seiji
TANIGUCHI Masaru 38

Lecture for Practical Engineer

ASAI Satoru 43

Spot Light

A Study for Assessing the Life of Blades in Gas Turbine of Co-Generation System ........ TANAKA Tomohiro 48

WELNET for Young Members ............................................... TANAKA Tomohiro 52
Minutes of the 35th Meeting of the WELNET Steering Committee

Calendar of Event ................................................................. 53
Society Announcements ....................................................... 54
General Index; Journal of the JWS and Quarterly Journal of the JWS, 2006 .................. 56
