JOURNAL OF THE JAPAN WELDING SOCIETY
Vol.80 No.8 December 2011

Essay
A Concept of “Allowance of Non-allowance” Presented to Young Engineer .................. ZAKO Masaru 3
Let’s Join Together, Engineers!
Friction Stir Spot Welding Application on Aerospace Industries ........................ FJIMOTO Mitsuo, OKADA Hideki 6
KAMIMUKI Kenichi
Review
In-situ Observation for Solidification and Phase Transformation During Welding ............ KOMIZO Yu-ichi 9
Materials and Processes for Arc Welding ............................................................... SHIMIZU Hiroyuki 21
Practical Lecture — A Class in Joining & Welding —
Micro Joining Package (Process&Construction) ................................................ KAJIWARA Ryoichi 31
Micro Joining Package (Technical Topics)
—Low Temperature Sintering Bonding Using Ag Nanoparticles and Ag₃O Particles— HIROSE Akio 40
Point Lesson of Experiments
Penetrant Testing Method for Welds ................................................................. TSUMURA Shunji, GU Feng 47
Up-to-the-minute
Report for JIW 2011 Workshop on Microjoining and Nanojoining ......................... ABE Hiroya 51
Spot Light
My History for Welding ......................................................................................... MATSUSHITA Muneo 53
WELNET for Young Members
Report: WELNET Evening Forum at JWS National Meeting in Autumn 2011 ............... 56
Calendar of Event .................................................................................................. 58
Society Announcements ....................................................................................... 59
Society News ........................................................................................................ 61
Quarterly Journal of the Japan Welding Society Vol. 29 No.3 2011 Contents ................ 87
General Index; Journal of the Japan Welding Society, 2011 .................................... 91
